

USB 3.2 Gen 1, SATA III 6G with UASP

Small, lightweight and compact

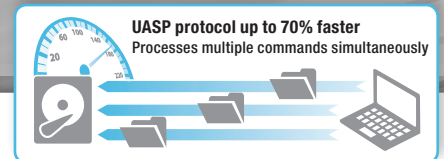

SUPPORTS THE NEW UASP STANDARD

- Simultaneous command execution
- Faster data transfer
- Optimized random read & write

SUPER SPEED
USB 3.2
5Gbit/s
Generation 1

6G
SATA III with UASP

FANTEC 225U3-6G.

The FANTEC 225U3-6G is a compact hard drive enclosure designed for installing a 6.35 cm (2.5-inch) SATA I/II/III hard drive or SSD. Thanks to full support for SATA III 6G hard drives and the new UASP transfer protocol, it is up to 70% faster than conventional hard drive enclosures. The simple and quick installation with Plug & Play ensures that the hard drive is ready for use in no time. No additional power supply is required for the operation of the hard drive; power is provided through the USB 3.2 Gen 1 interface. The black aluminum casing provides passive cooling for the hard drive and ideal protection for your data in mobile use.

Specifications.

- For 2.5" (6.35 cm) SATA I/II/III hard drives and SSDs up to 9.5 mm height
- USB 3.2 Gen 1 connection for maximum data transfer rates
- Data transfer up to 5 Gbit/s (with USB 3.2 Gen 1)
- Supports SATA III 6G with the new UASP standard
- LED for indicating operation and access
- No external power supply required for operation
- Sturdy aluminum casing
- Small, lightweight, and compact - ideal for on-the-go use
- Windows, Mac OS, Linux

Package contents.

- USB 3.2 Gen 1 cable
- Manual
- Warranty card

Dimensions (item).

- 76 x 130 x 16 mm (W x D x H)
- Weight ~0,100 Kg

Dimensions (color box).

- 200 x 142 x 49 mm (W x D x H)
- Weight ~0,300 Kg

Dimensions (export carton).

- 515 x 415 x 320 mm (W x D x H)
- 40 pieces each carton
- Netto weight ~13 Kg
