ALU CASE

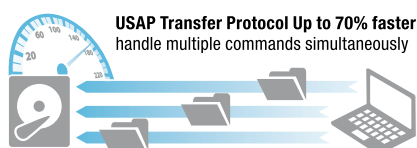

FANTEC AluPro U3-6G.

The FANTEC AluProU3-6G is a compact hard drive case suitable for the installation of a 6.35 cm (2.5") SATA I/II/III hard drive or SSD. With full SATA III 6G support and the new UASP transfer Protocol, it can reach up to 70% more speed than conventional USB 3.0. Due to the quick and easy installation with plug & play the hard drive is ready to use within seconds. No additional power supply is necessary, it is supplied via the USB 3.0 interface. The black aluminum case and the elastic silicone cover provides a perfect protection for your data in mobile use, it also provides you with great passive cooling for your hard disk.
