Superspeed USB 3.2 Gen 1

SATA III (6G) with UASP

## FANTEC DB-G35U3-6G

Classic, beautiful 3.5" hard drive enclosure made of brushed aluminum. Due to the simple and fast mounting the hard drive enclosure is ready for use in no time. The USB 3.2 Gen 1 data interface allows data transfer rates of up to up to 5 Gbit/s. Ideally suited for large 3.5" hard drives. Optimal heat dissipation via the aluminum housing. The stand allows upright operation, which dissipates the heat of the hard drive even better during operation. Fixed Locking wiping switch enables power on after power failure. The wide LED field signalizes the data access unobtrusively out the back.

### Spezifikationen

- Suitable for 3.5" SATA I/II/III hard drives,
- Capacity up to 4 TB or more
- Superspeed USB 3.2 Gen 1
- Aluminum enclosure with superior cooling properties
- Status LED for hard disk access and ready for operation
- on/off switch
- Stand for upright operation (included)
- USB 3.2 Gen 1 cable (included)
- Windows, Mac OS and Linux

### Included Accessories

- Stand
- Screwdriver
- Data cable
- Power supply
- rubber press-on pads

### Dimensions (Item)

- 183 x 117 x 31,5mm (W x D x H)
- Weight - 0,2Kg

### Dimensions (Retailbox)

- 253 x 190 x 64mm (W x D x H)
- Weight - 0,53Kg

### Dimensions (Carton)

- 530 x 350 x 405mm (W x D x H)
- 20 pieces per carton
- Weight 11,5Kg
