

FANTEC USB TO SATA ADAPTER

The FANTEC USB to SATA adapter allows you to transmit data lightning fast via the USB 3.2 Gen 1 SUPERSPEED port with up to 5Gbit/s. The UASP transfer protocol additionally provides up to 70% shorter transmission times compared to conventional enclosures. The additional power for 3,5" HDDs is supplied by the included 12V 2A power adapter. Due to its fast & easy installation via Plug & Play your HDD will be ready in no time
